

Argentina folk regions

“Argentina folk regions”, it is a lecture available for libraries and schools grades 8-12

There are two main kinds of folk music heard almost everywhere in Argentina. One is music that comes from original indigenous cultures, and the other is creole music that has evolved from the culture of the Spanish colonists and their descendants.

At this lecture participants will learn about Argentina folk regions, its geography, music, dance and culture.

Duration: 60 minutes
